Cybersafe from Exploitation

Grade 6/7 Workshops

What does exploitation have to do with cyber safety?

- At any given time, there are over 750,000 predators online looking to connect with minors
- Sextortion rates have tripled every year since the pandemic
- Luring a child accounted for 77% of online sexual offences against children.

Our Approach

- *Fun, fun, fun!*
- *Light hearted and non shame based*
- *Interactive with games and multimedia*
- *Effective prevention activities*
- *Addresses root causes leading to exploitation*

' What an excellent presentation!
We love having you back every year. The students are always so engaged and it creates chatter throughout our school. As always, thank you for providing such an engaging and age appropriate presentation.'
-Richmond Teacher
