If you do not have a MunchaLunch account, you will need to create one. Please pick the **Universal Hot Lunch** button when ordering, not the PAC hot lunch. Do you have a child aged 0-5?

StrongStart BC offers free early learning programs for children from birth to five years old. Led by a qualified early childhood educator, sessions support language, physical, cognitive, social, and emotional development through play-based activities like stories, music, and art. Caregivers attend with their child, connect with others, and receive helpful resources to support a smooth transition to Kindergarten.

Grauer Elementary

Where caregivers and children
aged 0-5 have fun together!

StrongStart BC programs provide rich learning environments designed for early learning development – language, physical, cognitive, social, and emotional. Our early childhood educator leads learning activities where children find opportunities to make friends and interact with others of similar ages. Caregivers participate with their young child (aged birth to five) in play-based early learning activities – including stories, music, and art. At no cost to families, this early learning program helps prepare children for the transition to Kindergarten.

We offer support, information, resources, and a chance to meet other caregivers.
